## **ANNEXURE - V**

### **MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

#### **Industry Overview**

- a. India is one of the fastest growing alcobev markets. The various factors contributing to the growth in alcobev industry include improvement in standards of living, increased globalization with increasing number of Indians making foreign trips for jobs, holidays or education, higher exposure to different lifestyles and a growing culture of social drinking.
- b. The Government is implementing the ethanol program in a big way. This will increase the consumption of alcohol, thus helping boost the revenue of distilleries.
- c. During the financial year industry did not grow as per expectations due to the general economic slowdown, increase in taxes and duties, flooding in several parts of Maharashtra and general elections in the first quarter. The consumption of alcohol was also lower.
- d. Due to scarcity of raw material this leads to increase in pricing, it directly impacted the margins of industry.
- e. The nationwide lockdown to control Covid- 19 situation, the consumption of the alcohol substantially decreased which has direct impact on the sales of spirit during the lockdown period. Currently, demand from the customers of rectified spirit is not in a full swing. However slowly and steadily we are on track. Hopefully things will be normalized soon.

#### **SWOT**

- Strength - Increased focus of Government on ethanol blending in fuel and delicensing of Denatured Alcohol and stability in potable alcohol after the Hon. Supreme Court clarified the order of highway ban thus resulting in most of the liquor vends opening within the city limits and many panchayats.
- Weakness – Stricter pollution norms and increase in minimum wages will drive the cost of production upwards.
- Opportunities – The de-licensing of industries using denatured spirit will give us opportunities to develop new customers in pharma, cosmetics & perfumeries and chemical industries.
- Threats - Increasing competition in the said sector.

#### **Outlook**

India is currently one of the most attractive destinations for the alcobev industry in the world, as our economy is fastest growing economy. Although, current financial year 2020-21 impacted by global slowdown will still have confidence of Indian economy and it will recover very soon from the current situation.

We have already given advances for procurement of molasses so that we have assured supply of raw material in case there is any shortage of raw material as many sugar factories will setup distilleries.

**Risks and concerns**

This industry has severe monitoring and regulation of the government and applicability of central laws as well as state government laws. Some States have also banned liquor consumption. This increases the risk for the business of the Company.

**Internal Financial Control**

The Company has engaged the services of an independent Chartered Accountant to carry out the internal audit and ensure that recording and reporting are adequate and proper. The internal controls exist in the system and that sufficient measures are taken to update the internal control system. The system also ensures that all transaction are appropriately authorized, recorded and reported. Exercises for safeguarding assets and protection against unauthorized use are undertaken from time to time.

**Human Resource**

During the year the Company maintained cordial relationship with its employees. The Human Resource is important asset of the Company. The training and developments needs of the employees have been addressed on continuous basis with time to time internal programmes.

**Annexure "B" to the Independent Auditor's Report:****Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of Companies Act, 2013 ('the Act')**

We have audited the internal financial controls over financial reporting of Aurangabad Distillery Ltd. ('the Company') as of 31st March, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of the Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
